

ACT American Controls Technology, Inc.

Valves, Actuation, Engineering, Training, Testing
www.americancontrols.com

- * Established in 1989
- * 4 generations of valve knowledge
- * Same day shipping 1/4" - 36" valves
- * Immediate quotes via email
- * 24/7 - 365 service 662-257-9952 Option 7
- * All services performed in-house
- * 50,000 square ft facility
- * \$3 million of stock ready to ship
- * Lifetime warranty on our labor
- * Female owned minority company

Knife Gate Valves

- Recycle
- Slurry
- Tappi
- Sluice
- Square and Rectangle
- 2"-36" in stock
- Specialty
- High pressure
- High Alloy

Pinch Valves

Manual, automated, specials

Plug Valves

- Steeved or fully lined
- Standard or Full port
- Isolation or Throttling

Check Valves

- Tilting disc, wafer, flanged, threaded
- Counter weight, exotics

Gate and Globe Valves

- Threaded, sw, bw, flanged
- All alloys and pressure classes
- In-house automation
- All API ratings

Ball Valves

- Threaded, sw, flanged
- All alloys
- Custom in-house actuation
- Pressures vacuum to 5000 psi
- Vport control
- Metalseat, soft seat, segmented

Butterfly Valves

- Standard, high performance
- Triple offset
- Wafer, lug, flanged
- PFA or ptfе lined
- In-house custom actuation
- Special alloys and sizes

Steam and Fluid Control

- Regulators, Control Valves
- Safety Relief Valves
- Condensate Pumps, Steam traps, Strainers
- Desuper heaters, Noise treatment
- Gasketed Unions

Automation

- Pneumatic, hydraulic, electric, gears
- Fail safe accumulator, quick levers
- Deflector cones, Positioners
- Limit switches, solenoid valves

Special Services

- Valve modification and repair
- Customer actuation
- Complete in-house machining,
- Fabrication and engineering
- Valve Testing, Training Academy
